Collect Lighting – Bell Pendant

The Bell Pendant is carefully constructed from durable powder-coated steel and boasts a minimalist aesthetic. As part of the Collect Lighting Series, it is available in various complementary colours that can be seamlessly paired with other pieces in the series. This pendant offers numerous pairing options, allowing you to combine it with decorative bulbs or any lampshade from the same series to achieve ideal illumination for your space. The socket pendant comes complete with a decorative brass ring, canopy ceiling mount and 3 metre fabric-covered electrical cord.

Collect Lighting – Bell Opal Shade

The Bell Opal Shade is crafted from opaque glass, a material favoured in 16th-century Venice that has been revived to create a cherished piece of contemporary home decoration today. As part of the Collect Lighting Series, it can be seamlessly paired with other pieces in the series. Its elegant design showcases graceful curves and a bell-shaped silhouette, perfect for hanging above a dining table or kitchen island to produce a cosy and welcoming ambience.

Casca and Opal Shades – Sphere

The origin of opaque glass is found in the wonders of 16th century Venice but has today been revived as a cherished piece of contemporary home decoration. The translucent white glass of the lampshades spread the light evenly in a room and provide a soft lighting in all rooms of your home. The opal shades are available in two shapes: Sphere and tall. Match them with the sockets of our Collect Lighting series and you have a perfect ceiling light for your living room, pendant over your kitchen counter or a classic lamp for the bedroom.

Opal Shades – Tall

First made in 16th century Venice, opal glass continues to add beauty to homes on modern lamps and lights. Our timeless Opal Shade is crafted from the legendary glass, spreading light evenly in a room and adding a sophisticated touch to interiors. Available in two shapes – sphere and tall – the shade fits out Collect Lighting sockets to create ceiling lamps in a living room, task pendants above a kitchen counter, or ambient lights in a bedroom.
